In reviewing the infant deaths in Indiana, it became apparent that many babies are sleeping in adult beds, couches, and recliners. Unfortunately, some of these families can't afford the only place their baby should be sleeping, AN APPROVED CRIB! The good news is that these accidental suffocation deaths can be reduced or even eliminated.

The SIDS Center of Indiana is looking for corporate, civic or personal interest in partnering to insure that every baby in Indiana has a safe place to sleep each night. A \$100.00 donation will purchase a "Bed for a Baby," but any amount will help. Your employer, church, fraternity, sorority, civic group or even your family can make a difference.

It is our hope that you will consider the Beds for Babies Program for your charitable giving. You can donate one of two ways below:
